minimum quantity 1 package per length = 50 pieces			

## adjustable profiles for concrete columns

### steel profiles and columns

By use of the adjustable iron profiles for the construction of columns etc. it's not necessary any more to use shuttering boards of different widths and to store them. All widths are feasible from 15 up to 95 cm (in steps of 5 cm). The steel profiles are compatible with all brands.

### combination

Distance between the rims about 40 cm.  
Therefore it is only necessary:  
4x adjustable profiles for columns  
4x steel wedge

### minimum quantity

adjustable profiles for one column: 1 package (100 pc.)  
steel wedges: 1 Pkg. (8 Stk.)

### price

on request
